Currently 0 points remaining

The chart displays the progress of a Scrum board. The Y-axis represents points (0 to 50), and the X-axis shows dates from October 8, 2022, to October 20, 2022. The 'Points Remaining' (blue line) starts at 22 points and decreases to 0 by October 20. The 'Points Completed' (red line) starts at 0 and increases to 22 points by October 20. The 'Ideal Burndown' (yellow line) represents the theoretical linear completion path, starting at 22 points and reaching 0 by October 20. The area between the 'Points Remaining' and 'Ideal Burndown' lines is shaded blue, indicating the current backlog. The area between the 'Points Completed' and 'Ideal Burndown' lines is shaded red, indicating the work completed ahead of schedule.

Date	Points Remaining	Points Completed	Ideal Burndown
October 8, 2022	22	0	22
October 10, 2022	20	0	20
October 12, 2022	18	0	18
October 14, 2022	14	0	14
October 16, 2022	12	0	10
October 18, 2022	8	0	6
October 20, 2022	0	22	0

Cards Completed

50/62 (81%)

Points Completed

91/91 (100%)

Days Worked

14/14 (100%)

Average Daily Burndown

6.5 Points

Estimated Completion Date

Nov 18, 2022

Points Est.	Spent	
0	0	WELCOME - Start here
0	0	Managing your Sprints
0	0	Customise your Board
0	0	Meet the Power-Ups
0	0	Card with DoR and DoD
0	0	👉 This Card is todo - but the team is not committed to completing it yet
0	0	👉 This Card is todo - in the next Sprint
0	0	Sprint Goal: General Search and General Information Display
0	0	👉 This Card is todo - in the Current Sprint
0	0	🔴 This Card is blocked!
0	0	🐛 This Card is a Bug
0	0	🚀 This Card needs to be expedited

0	0	I am a Card completed in the Current Sprint
0	0	SHOR-6 As a student, I want to be able to advance my search for courses so that I can find courses with more specific requirements.
0	0	SHOR-8 As a student, I want to see the average course rating so that I can have a broad sense of how people think about the course.
0	0	SHOR-10 As a student, I want to be able to like/dislike the students' comments so that I can provide my feedback quickly.
0	0	SHOR-18 As a student, I want to advance search for programs so that I can find desired program based on my requirements.
0	0	SHOR-11 As a student, I want to be able to comment on other students' comments so that I can share my opinions.
	0	SHOR-12 As a student, I want my search results to be sorted based on rating so that I can quickly identify the courses that match my preference.
	0	SHOR-14 As a student, I want to get recommended on course selection for graduation so that I can get advice on which course to take.
4	4	SHOR-13 As a student, I want to rate and write comments for the course that I took so that I am able to provide my experiences to future students.
5	5	SHOR-5 As a student, I want to search for my desired course with keywords so that I can find the right course for me.
3	3	SHOR-7 As a student, I want to see the course descriptions so that I can have a general understanding of what the course is about.
4	4	SHOR-9 As a student, I want to see the detailed course rating and comments from previous students individually so that I can see the others' experiences in detail.
2	2	SHOR-13-2 Create POST endpoint /course/rate
1	1	SHOR-5-3 Create sample database for courses
2	2	SHOR-5-1 Create General Course Search page in frontend
2	2	SHOR-5-2 Create POST endpoint /course/search
1	1	SHOR-7-1 Create Course Description page
2	2	SHOR-7-2 Create POST endpoint /course
2	2	SHOR-9-2 POST endpoint
2	2	SHOR-9-1 Create comments viewing page in frontend
2	2	SHOR-13-1 Create a rating form in frontend
5	5	SHOR-16 As a student, I want to search for programs with keywords so that I can find my interest in learning.
2	2	SHOR-16-2 Create POST endpoint /program/search
1	1	SHOR-16-3 Create sample database for programs
2	2	SHOR-16-1 Create General Program Search page in frontend
3	3	SHOR-17 As a student, I want to see the information (descriptions, POST requirements) of the programs so that I can evaluate myself.
2	2	SHOR-17-2 Create POST endpoint /programs
1	1	SHOR-17-1 Create Program Description page
1	1	SHOR-8-2 Update CourseSchema to add fields: {score: average, num}
1	1	SHOR-8-3 Update POST /course/rate endpoint to update score in course
1	1	SHOR-10-2 Update CommentSchema to add fields: likedEmails, dislikedEmails, numLikes, numDislikes
2	2	SHOR-11-2 Create endpoint for replying to a comment
1	1	SHOR-8-1 Add average course rating in course description page in frontend
2	2	SHOR-18-1 Create advanced search program layout in frontend
2	2	SHOR-10-3 Create endpoint for like/dislike a comment
2	2	SHOR-6-1 Create advanced search course layout in frontend
2	2	SHOR-6-2 Create POST /advancedSearch endpoint
2	2	SHOR-18-2 Create POST endpoint for advance search
2	2	SHOR-10-1 Update CommentView page to implement the functionality and the display in frontend
2	2	SHOR-11-1 Update CommentView page to implement the functionality and the display in frontend
1	1	SHOR-11-3 Create endpoint for displaying the comment on a comment
2	2	SHOR-14-1 Update database for program computer specialist(add all the required courses and electives)
0.5	0.5	SHOR-12-1 Add a checkbox to course search page for selecting sort
2	2	SHOR-20 As a student, I want to change the website into dark/light mode so that it can fit better for my eye view.
2	2	SHOR-14-4 Create a page to display all the recommended courses
6	6	SHOR-14-2 Endpoint for returning all the required courses and electives as lists to frontend.
2	2	SHOR-12-2 Create new POST endpoint for course search result.
0.5	0.5	SHOR-19 As a student, I want to see the graduation requirements so that I can know how to graduate.
2	2	SHOR-15 As a student, I want to write down my academic history so that I can get recommended courses by the system.
5	5	SHOR-14-3 Endpoint for finding the elective course's all prerequisites.
